

AQUILA REALE AND
RITRATTO BIANCO,
"TRE BICCHIERI"
AWARD 2010
TO GRUPPO LA-VIS
A confirmation
of the high quality
of Trentino Chardonnay

On October 18 in Rome, Cesarini Sforza Aquila Reale 2002 and La Vis Ritratto Bianco 2007 received awards from Gambero Rosso. These two wines are the result of the Quality Projects, which were initiated more than 20 years ago. Since that time, the wines resulting from this production method have made headlines on more than one occasion, attesting to the vision and success of this programme, which highlights the fullest expression of the Trentino region. Indeed, this award recognizes the entire production system, from the labour of Company Members in the vineyards to the work of the dedicated oenology staff.
